Letter No. 758 of 24th Feb 1877 from the Commr. of the Dist. requesting sanction for an additional sum of Rs. 3000 on acct of the Hosur Chendrapur Road in Manjara-wad Taluk

Order Thereon

The Commr. is unable to sanction ^{money} without some kind of estimate, bearing the sanction of the Commr. of the Dist.

In this instance 2000 Rs was applied for in the 12 Aug, and on the 14th 3000 more, still without any estimate, and in anticipation of sanction the Commr. has sanctioned a-
 - Sanction of 1000 Rs

The 3000 Rs applied for are sanctioned from the sum of Rs. 14000 at the Commr.'s disposal for relief work, but he is re-quested to impress on all concerned the absolute necessity of submitting approximate estimates so as to be responsible for any work, unless the need is so urgent as not to admit of it, in which case the circumstances should be reported & an estimate submitted without undue delay

The Commissioner has at his disposal Rs 15,991. The amount required for the several works mentioned in this statement is Rs 8946. In Col. 1, Rs 35,000 is entered as the total amount sanctioned whereas according to our books it is Rs 36,983. The difference seems to arise from the Commr. not having included the following items

- | | |
|---|-------------|
| 1. Opening the Nagamangala Shavara Balagola Road
Sanctioned in C. S. O. No. 2382 of 26 June 1876 | 1000 |
| 2. Making a road from Appa to Fichere Vide Order
No. 556 of 24 March 1877 | 983 |
| | <u>1983</u> |

In Col. No. 2 Rs 16,663 is shown as allotted. The following items

ORDER THEREON.— have been omitted.

- | | |
|---|-------------|
| Rs 2337 to Mysore Dist Funds Vide Order No. 20 of 6 Dec. 76 | |
| 9 to Mysore for erecting a shed for Cholera patients
at French Poches Vide Order No. 59 of 19 April 1877 | 23 |
| 1000 to Hassan for opening the Nagamangala Shavara
Balagola Road Vide C. S. O. No. 2382 of 26 March 76 | 26 |
| 983 for making a Road from Appa to Fichere
Vide Order No. 556 of 24 March 1877 | |
| | <u>4329</u> |

Thus the total amount of allotment is Rs 20,992 leaving a balance of Rs 15,991 at the disposal of the Commr. as already stated.

Application No. 3 is for Collecting Metal. To ensure uniformity in the system of accounts the Commr. may be asked to treat all grants for collecting metal as distinct from the Ordinary Relief Grants. Application No. 5 is for filling ditches in the town of Hassan. Shells

Speaking the Municipality should bear the charge. But the Commr states that the *the Municipal Council is not able to do so.*

35000	16663	18337	876—	Hassan District	Filling ditches in the town of Hassan	This work was put in hand in March 1877 purely as a relief work in anticipation of sanction to afford employment to a large No. of the distressed coolies. The average daily No. of coolies employed on the work was 155 in the month of March and 73 in April. About 25 per cent of these coolies belonged to the Hassan and the remainder to the adjacent Talooks of Chennarayana, Haranahally, Nagamungala and Narsipur as well as Tumkur, Tibtoor, Kadur, Hoornigal, Chickanur, Kanahally, Toorvekeri, Korta, Garay, Seera and Hoolipor &c. About 76 persons were land holders paying an aggregate sum of Rs 437-3-8 as Condayam at an average of 5$\frac{3}{4}$ per head. As the Municipality is not able to bear the charge the amount of the enclosed estimate amounting to Rs 876 is to be debited to the famine relief fund—	The project was originally submitted by the Deputy Commissioner Hassan in the month of March 1877 with an application for Rs 400 out of the famine relief fund but as it was properly municipal work he was asked to state whether arrangements could not be made to provide the amount out of the Municipal funds. Information was also called for regarding the locality and description of the persons who will be benefitted by the work and whether there was not any other work for them. This information having been received it is apparent that at first a No. of persons who were not legitimate subjects for relief were employed on the work as half of the laborers were from the neighbourhood and these have been directed to be sent to the D.P.N. projects. The remainders are destitute strangers from other Talooks actually in need of relief work and on the ground the expenditure is fairly debitable to the famine grant.

Memorandum

Estimate for road from Harnhalli
towards Jamgul

In the absence of longitudinal and cross sections and of details for tunnels it is impossible to criticise the project or to check the Estimate. The following remarks are made on the Specification and on the quantities of work allowed.—

Scarping.— The width of road in sidelong ground is made 15 feet with ^{on level ground if it is specified to be} 16½ ft wide side drain 2 feet wide; and over embankments 18 ft wide. It is not apparent why in sidelong ground, it should be made only 15 ft.—

3. Earthwork.— There is nothing to shew how the quantities have been arrived at, but apparently the length of road has been multiplied by two arbitrary factors, perhaps correct, but there is nothing to shew that they are so. Earth from side drains should go to form up surface, and in Specification it is so laid down, but both items are allowed

allowed for in Estimate. Only one side drain being allowed, and the remark being made in Estimate that an average slope (side slope I presume) of 1 in 15 has been allowed for, it would appear that the whole length of road is in side cutting, which is improbable. Side drains of triangular section of 3 ft wide at top and $1\frac{1}{2}$ ft deep had better be allowed for.

4. Check drain. - 6 ft width at top and 3 ft deep should be allowed. No details for embankments or tunnels, but for the former, with the slopes and width specified, the height being 3 ft, the average breadth would be $22\frac{1}{2}$ feet and not 21.

5. Provision should, I think, be made for gravelling, unless the soil itself is very gravelly.

Project for Halsan-Chendrapur Road.

6. This is simply a lump sum estimate of probable cost of a $14\frac{1}{2}$ feet road, which was traced some years ago. The alignment has been, with a few alterations here and there, approved by the Assistant Engineer of the Halsan Range. I should say

say the allowance of Rs 600 a mile
is about what is required for opening
out such a road. —

Docket No. 1539 of the 21st March 1878 from the Examiner P. W. Accounts requiring whether the marginally noted works sanctioned during the year 1876-77 as Public Relief are still to be considered ^{& treated} as such, or whether the works may be charged as ordinary Local funds see.

No. 27-29 of 2nd April 1878. Order thereon

With reference to the Bagunda Road the Exam. says as referred to this App. No. 3603 of 8th Feb. 1878. It is requested to treat the work as ordinary ~~of~~ fund work and to debit the outlay incurred from the commencement ^{of the} ~~of the~~ ^{sum} ~~appropriated~~ ^{of Rs 3000} ~~from~~ ^{entered} in the Current year of 7th Budget.

2. The expenditure already incurred on the opson Chandrajpur road of the Akhatajam Division

It is observed that in this office order No. 3603 of 8th Feb. 1878 an appropriation of Rs 3000 has been sanctioned for work No. 1 from the current year's District Fund Budget of the Bapsan District, and as it is under contemplation to make further provision for the work in the ensuing year's D. F. Budgets of the Bapsan & Kadar Districts, the Examiner is authorized to treat the same as a work, debitable to D. F. Funds.

2. The Commissioner of the Akhatajam Division will

will be called upon to explain as to how the expenditure of £755-1-11 incurred on work No 2 during the current year could be adjusted, & whether there are any special grounds for treating it hereafter, as a work debitable to St. Funds.

sioner in his Proceedings } 3000-0-0
No. 406 dated 12th March 1877

The two latter appropriations
were made from the Famine ^{Relief}
Funds.

unds.

Though Rupees 6000 only

was sanctioned in 1876-77

the amount spent in that year was Rs 668-3-1. This Excess was met from the savings effected on the Muggaile. Tiptur Road, where work had to be stopped owing to the hardness of the soil. To prevent the money lapsing, the undersigned transferred it to the Vassoor - Bhendrapur Road where many coolies were then employed.

A sum of Rupees 4000 was provided in the District Fund Budget for 1877-78; but as the road was made over to the D. P. W. at the beginning of the year no expenditure was incurred by the Civil Officers on this account.

An Estimate amounting to Rupees 13,948 (which meant the 6,000 Rs above referred to) was sanctioned by the Chief Commissioner in his Proceedings No. $\frac{709}{350}$ dated 11th June 1877.

The Executive Engineer, Hassan Division in his docket No. 113 of the 17th Ultimo, says that the expenditure up to 31st March 1878 is Rs 7196, and that Rs 6752 is required to complete the work according to the Estimate.

Rs 4000 was again entered in the District Fund Budget for the current year, but the amount has been struck out of the sanctioned Budget.

FAMINE RELIEF GRANT.

READ—

Letter No. 72, dated 28th May 1877, from the Commissioner, Ashtagram Division, submitting a statement shewing the amounts appropriated and expended up to 31st March 1877 on relief works carried out in the Mysore and Hassan Districts in 1876—77.

Memo No. 2597, dated 13th June 1877, from the Examiner, Public Works Accounts, submitting a statement shewing the grant and outlay for and on account of the said works as booked in his office.

No. 861—GENL. 449, DATED BANGALORE, 25TH JUNE 1877.

ORDER THEREON.—From the statement prepared in this office and appended to these Proceedings it will be observed that, out of Rs. 9,009 allotted for the Mysore and Rs. 14,883 for the Hassan District, Rs. 8,186 in the former and Rs. 9,743 in the latter District were actually spent up to 31st March 1877, leaving unexpended balances of Rs. 823 and Rs. 5,140 at the credit of the two Districts respectively. The Chief Commissioner directs that these sums be replaced at the disposal of the Deputy Commissioners of the said Districts, for expenditure on relief works during the current official year.

2. Out of a sum of Rs. 20,000 placed at the disposal of the Commissioner, Ashtagram Division, in Chief Commissioner's Proceedings No. 102, dated 6th January 1877, only Rs. 4,009 have been appropriated up to 31st March last, the balance Rs. 15,991 is replaced at the Commissioner's disposal for appropriation during the current year.

3. The Commissioner is requested to submit separate statements, districtwar, shewing the appropriations required from famine relief grants for the several incomplete works of last year.
